

Look at the table and solve the problems.

- 1 The table shows sales in a hospital shop over two weeks. Work out how much money was made in total each week.

Item	Price	Sales, week 1	Sales, week 2
Wash kit	£12.45	6	5
Headphones	£11.36	9	8
Hospital magazine	£3.65	10	12
E-book reader	£79.25	2	3
Pyjamas	£24.54	6	3
Nightdress	£18.72	4	5
Crossword puzzle book	£4.83	8	9

- 2 20% of the total each week goes to the hospital as profit. How much is this each week?
- 3 Which week was more profitable for the hospital? By how much?
