

Year Five and Six Programme B

Topic – Blogging (Information Technology)

Term: Spring 1

Key Learning

To identify the purpose of writing a blog.
To identify the features of a successful blog.
To plan the theme and content for a blog.
To understand how to write a blog and a blog post.
To consider the effect upon the audience of changing the visual properties of the blog.
To understand how to contribute to an existing blog.
To understand how and why blog posts are approved by the teacher.
To understand the importance of commenting on blogs.

Key Skills

Information Technology

- ▶ Independently select, use and combine a wide range of software on a variety of devices.
- ▶ Use advanced searches including the use of operators.

Digital Literacy

- ▶ Be competent users of technology using it safely, respectfully and responsibly and know about digital footprints and 'strong' passwords.
- ▶ Understand what acceptable and unacceptable online behaviour is.

Key Vocabulary

Audience – In this case the readership of the blog.

Blog - A regularly updated website or web page, typically one run by an individual or small group, that is written in an informal or conversational style.

Blog page – A webpage onto which blog posts are hosted.

Blog post - A piece of writing or other item of content published on a blog.

Collaborative - Produced by or involving two or more parties working together.

Icon - A symbol or graphic representation on a screen.
