

Modern Foreign Languages: French

Year 3/4	Topic: Telling The Time	Term: Autumn 2
Prior Knowledge	Key Topic Vocabulary	Future learning
This is a difficult topic as many pupils may not know how to tell the time correctly in English, using a digital or analogue clock. Therefore, a certain assumption is made that they can tell the time on the hour and possibly, half past as well.	Quelle heure est-il? Il est _____ heure(s) ____. Numbers 1-31 and possibly extended to 60 in certain tasks.	Numbers come up throughout the course. We will be using time again when we talk about food, drink and mealtimes. In addition, it is used when we talk about the school day and normal everyday routine. Topic 4: The Weather. Topic 6: On a Trip.
Grammar	Supplementary Vocabulary	Phonics
Pupils will need to know the key question 'Quelle heure est-il?' and how to answer it both on the hour and at half past the hour. They will also be covering how to construct a 'J'ai' sentence, saying something like 'J'ai la science à dix heures.'	We will also be learning 12 school subjects in French so that pupils are able to use times with these (J'ai les maths à neuf heures etc.).	Qu = K Il = eel Est = eh Heure = eur Demie = de mee
Key Learning		
• Memorise language and be able to recall it quickly. • Read familiar words and phrases aloud and same them accurately. • Listen for specific words and phrases. • Write simple words and phrases in the TL.
